

Report By

STCA Delegate: Holly S. Stump

The 11 standing committees meet on the first day of the meeting. They run a morning session and an afternoon session. I went to the Parent Clubs Committee Meeting from 9-11:30 and the Canine Health Committee from 1:00-3:30. At 3:30 the first caucus was run. The standard format of from the floor delegate discussion was followed. Following this there was a meeting of those concerned with the crop and dock issue and the discussion was centered on how to respond to the new AVMA policy statement. On Tues AM @ 7:30 the second caucus took place, it was the legislative caucus and focused on hot topics. At 9:00 AM the forum took place. The topic this quarter was Q & A for board candidates. Finally at 11:00 AM the regular formal delegate meeting was called to order.

Parent Club Committee Meeting: (Chair :Pat Laurens)

- E-Lists

- There is a parent club conference e-list with 587 members and 9335 posts
 - I have been on this for a few years
- There is a parent club e-list
 - I joined after the meeting

- Group realignment

- John Nielson reported that it is done and report has been unanimously accepted (not approved) by the board
 - They will be discussing @ the January board meeting. They have published a request for comments by Jan 1 and for them to be sent to Jim Crowley
 - Request was made that mailings go to all club delegates and not just parent club delegates
 - Alaskan Mal does not want to go to Nordic group
 - Was asked if there was a time line for formal proposal from board and if this would be considered in parts or as all or nothing

- Delegates approval only needed to change 3 of groups and names of groups (by-law change) and not needed to move breeds around (policy change)
- Code of ethics & By-Laws
 - Connie Butherus and Karen Spey will be requesting them from all clubs for a new database. Correspondences will go out from Mike Leosis's office to corresponding sec, delegate and president of all parent clubs. This was last done 12 years ago.
- AVMA new crop dock policy meeting
 - To be held right after 3:30 general caucus
 - What are parent clubs going to do?
 - Bill Newman (AKC board member who is AVMA liaison) was "wow" blindsided by this change in policy. It had been 3 years since they last spoke about this topic.
 - Dennis Sprung (AKC president / CEO) read AKC's reply to AVMA. It was very good and AKC is not going to budge.
- New Business
 - Hartland pet auction center inspections certificate
 - They published that they held an AKC certificate of inspections approval in a letter to customers. What they really had was a one-day inspections passing report. Which clearly states that is in not an AKC endorsement of any kind. They inspect health, records, ID and conditions.
 - They were told by AKC legal to remove language from web site
 - Margaret Poindexter (AKC general council and past inspections program manager) explained the real process
 - Because they sell AKC puppies we have right to inspect them. AKC spends 6 million dollars a year running the department of 15 inspectors. They do about 5500 inspections a year. This is 1/3 the USDA total welfare budget.

- Big discussion about issuing any type of certificate to auction houses even if they pass inspection for the day. We give them to private and commercial kennels when they pass. After heated discussion staff left room and came back 10 min later and said they would not give them certificates. Margaret was very disappointed with this as were many others. Asking them to do things our way and then treating them like second-class group.
- Considering 2010 parent club conference
 - A bit less grand than last one because of economy
 - Coordinating committee getting details together to submit to board
- Oct 22nd there was a new format meeting of each subcommittee chair and key AKC staff in NYC (including Dennis Sprung – president, John Lyons- COO, and Jim Crowley – Exec. Secretary) Ron Menaker (AKC BOD chairmen) was also there. They will probably continue this in some form going forward.
- Crufts and The Kennel Club
 - AKC wrote to them advising them on what they should do about breed standards and public attack on purebred dogs and lack of broadcasting. BBC was only going to televise if they removed 18 breeds. Crufts said no way. The BBC film pedigree dogs exposed has now aired in Canada. The FCI of UK has filed lawsuit so rights cannot be sold until resolved so we might get a short break before it comes to USA.
- Peter Gaeta (AKC Director Judging Operations)
 - Clubs need to get onboard with ringside mentoring program ASAP
- Carting / drafting program on hold
- Bassett hound club
 - Why can't they mandate how they want breed judges. Expected to be judged on ramp is not “ will be judged on a

ramp” which is what they want. They also want it used for JR’s judging.

- 3 parent club committee members running for board
 - Alan Kalter
 - Lee Arnold
 - John Neilsen
- John? Reported credit card fraud with Topeka Kansas national facility
 - Site great but several venues have had card problems
 - Ongoing FBI investigation

Canine Health Committee: (Chair-Constance Vanacore)

- MA ballot initiative greyhound racing now illegal
- John Ronald
 - How can we get past always being on the reactive side?
- Miami has over 155,000 imports coming through...
- NY state has 61 delegates while Al has one..... need to work together more

AKC BOD Candidate Q & A

- 7 candidates took part in this
 - (Carl Gomes was unable to attend)
- They all support mixed breeds in companion events
- Carl and Fred only ones who support term limits
- What to do about decline in registration
 - Carl cannot ignore where purebred dogs come from including commercial breeders. We register 16% of all purebred dogs. Ned to offer more to community and it does not mean only the ones we like where they came from.
 - Allan AKC dog is better off, win back customers we have trashed including commercial breeders
 - Bob preach to the public how good we are not ourselves
 - Example limited registration means we do not think it is good enough to be bred. Quality concerns
 - Judy things were easy when there was no competition. It is no longer a cash cow. Used public relations and marketing
 - Lee market our care and conditions program
 - John capture from commercial side need all registered dogs with us

- Fred makes it work for bottom line for breeders who are using other registries. Make AKC dogs worth more by public education and marketing
- Does delegate body need reorganization
 - Carl 1884 structure will need to change, maybe regionalization
 - Allan maybe regionalization
 - Bob no
 - Judy no
 - Lee no
 - John loose too much
- Allow mixed breeds into ob, rally and agility
 - Carl yes
 - Allan yes
 - Bob No
 - Judy No
 - Lee yes
 - John No
